

FANDS Infonet Pvt. Ltd.

Announces

'PMP ++ Blended Workshop'

Only Two days instructor laid training & balance as eLearning

Visit Us : www.fandsindia.com

Previous Batch Testimonials:

**Omkar Thakar
Oracle, Pune**

PMP ++ workshop was excellent. Presentation's were very user friendly. Niranján's knowledge on Mindmapping helped us in understanding PMP knowledge areas easily. Interactive games and practice tests were well planned. We experienced a informative and comfortable training.

**Dhananjay Dadke
Patni, Pune**

The sessions were interactive, focused on achievement of PMP certification. Different Techniques were used to enhance memory. Use of Mind mapping made the recall of concepts easy. The PMBOK® was revised at high level 7 times in the two days session using Images, associations and colors.

**Sharayu Mirasdar
IBM, Pune**

I would like to thank FANDS and Niranján to arrange and conduct this workshop which would for sure help me get my PMP in couple of months.

This workshop was unique due to unique method of teaching which included colors and analogies

Introduction

Fands Infonet Private Limited (Fands) commenced its operations in 1994 in Pune, India, in computer related training activities. Fands continues to benefit from the leaps taken by the Indian Information Technology (IT) and IT Enabled Services industry. It is a solid and structured service provider and plays a major role in the present days of outsourcing.

Fands is an acronym of **fast and steady**. As the name suggests the organization is steady in its quest for learning new technologies and thrives on fast response. The clients have no hesitation in engaging the services of Fands, simply because it works as an extended training department. Fands provides a one stop solution and considers itself totally accountable to the client while providing its scope of professional services.
